SELECTED PROJECT REFERENCES

Representative architectural and construction projects from the original catalog.

Zturnbuilder

10 CM CLASS A SECURITY DOOR SERIES

PRODUCT REFERENCE

JSN-7110

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

10 CM CLASS A SECURITY DOOR SERIES

PRODUCT REFERENCE

JSN-7107

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

10 CM CLASS A SECURITY DOOR SERIES

PRODUCT REFERENCE

JSN-7206

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

10 CM CLASS A SECURITY DOOR SERIES

PRODUCT REFERENCE

JSN-8701

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

10 CM CLASS A SECURITY DOOR SERIES

PRODUCT REFERENCE

JSN-7201

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

10 CM CLASS A SECURITY DOOR SERIES

PRODUCT REFERENCE

JSN-6111

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

10 CM CLASS A SECURITY DOOR SERIES

PRODUCT REFERENCE

JSN-7112 / JSN-6108

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

10 CM CLASS A SECURITY DOOR SERIES

PRODUCT REFERENCE

JSN-6101

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

10 CM CLASS A SECURITY DOOR SERIES

PRODUCT REFERENCE

JSN-7203

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

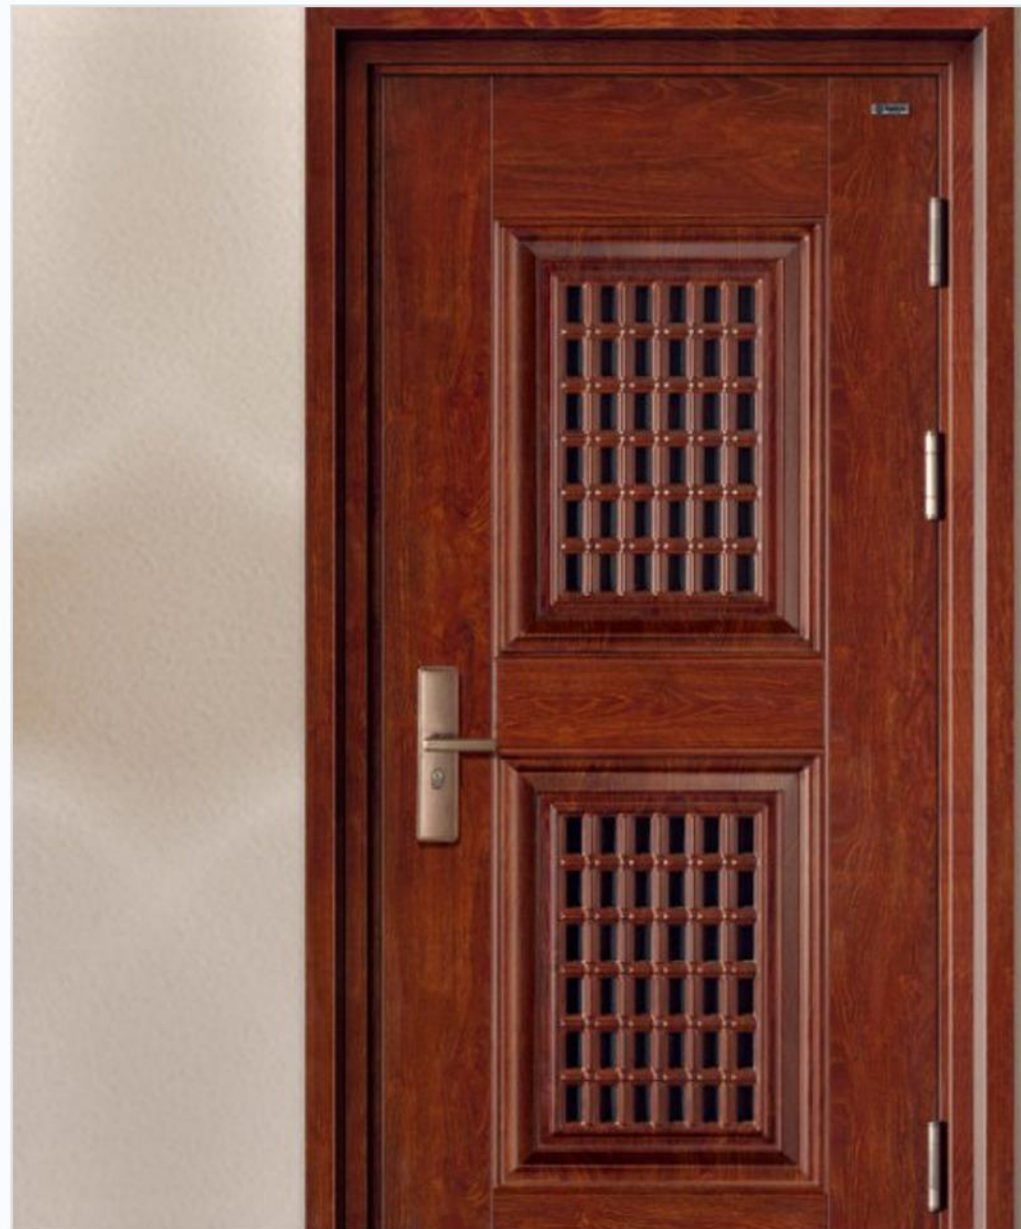

10 CM CLASS A SECURITY DOOR SERIES

PRODUCT REFERENCE

JSN-6107 / JSN-6106

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

10 CM CLASS A SECURITY DOOR SERIES

PRODUCT REFERENCE

JSN-6112 / JSN-7305

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

10 CM CLASS A SECURITY DOOR SERIES

PRODUCT REFERENCE

JSN-6113 / JSN-6115

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

10 CM CLASS A SECURITY DOOR SERIES

PRODUCT REFERENCE

JSN-6103 / JSN-6110

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

5 CM JAPANESE-STYLE SECURITY DOOR SERIES

PRODUCT REFERENCE

JH-5103 / JH-5102

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

5 CM JAPANESE-STYLE SECURITY DOOR SERIES

PRODUCT REFERENCE

JH-5301

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

SECURITY / FIRE-RATED DOOR SERIES

PRODUCT REFERENCE

JH-2005 / JH-1902

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

SECURITY / FIRE-RATED DOOR SERIES

PRODUCT REFERENCE

JH-1901 / JH-A085

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

SECURITY / FIRE-RATED DOOR SERIES

PRODUCT REFERENCE

JH-2006 / JH-0828

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

SECURITY / FIRE-RATED DOOR SERIES

PRODUCT REFERENCE

Multiple models

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

SECURITY / FIRE-RATED DOOR SERIES

PRODUCT REFERENCE

JH-A-1502 series

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

SECURITY / FIRE-RATED DOOR SERIES

PRODUCT REFERENCE

Multiple models

Designed for project-based applications with customizable dimensions, finishes and hardware configurations.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

SOUNDPROOF DOOR SERIES

PRODUCT REFERENCE

Soundproof series

Door solution for spaces requiring enhanced acoustic separation and clean architectural integration.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

EXPLOSION-PROOF DOOR SERIES

PRODUCT REFERENCE

Explosion-proof series

Special-purpose door solution for projects requiring explosion-resistant construction.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

BLAST RELIEF DOOR SERIES

PRODUCT REFERENCE

Blast relief series

Special-purpose blast-relief door solution for controlled pressure-release applications.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

STEEL FIRE DOOR SERIES

PRODUCT REFERENCE

Steel fire door - single leaf

Steel fire-door configurations for commercial, industrial and public-building projects.

- Fire-rated project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

STEEL FIRE DOOR SERIES

PRODUCT REFERENCE

Steel fire door - double leaf

Steel fire-door configurations for commercial, industrial and public-building projects.

- Fire-rated project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

GLASS FIRE DOOR SERIES

PRODUCT REFERENCE

Glass fire door series

Fire-rated glazed door configuration combining visibility with project-oriented fire protection.

- Fire-rated project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

MEDICAL DOOR SERIES

PRODUCT REFERENCE

Medical door - single leaf

Medical-door configurations for hospitals, clinics and controlled healthcare environments.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request

Zturnbuilder

MEDICAL DOOR SERIES

PRODUCT REFERENCE

Medical door - double leaf / vision panel

Medical-door configurations for hospitals, clinics and controlled healthcare environments.

- Custom project configuration
- Finish and hardware options
- Dimensions subject to project requirements
- Technical data available on request
